Re: 005-12618-00058  
Revocation of  
Part 70 Permit 005-7481-00058

Dear Ms. Chelf:

Arvin Industries, Inc. was issued a Part 70 operation permit on March 9, 1999 for an automobile component manufacturing plant located at 601 South Gladstone, Columbus, IN 47201. A letter requesting revocation of the permit was received on August 14, 2000. The request was made because all emission units have been disassembled and removed from the plant.

Rule 326 IAC 2-1.1-9 states that any permit to construct or operate may be revoked for any cause that establishes in the judgment of the commissioner the fact that continuance of the permit is not consistent with the purposes of 326 IAC 2.

Pursuant to the provisions of 326 IAC 2-1.1-9, the permit is hereby revoked due to the fact that the plant, which no longer has emission units, is no longer subject to 326 IAC 2-7.

This decision is subject to the Indiana Administrative Orders and Procedures Act - IC 4-21.5-3-5. If you have any questions on this matter, please contact Allen R. Davidson at (800) 451-6027, press 0 and ask for extension 3-5693, or dial (317) 233-5693.

Sincerely,

Paul Dubenetzky, Chief  
Permits Branch  
Office of Air Management
